

REMARKS

Applicants respectfully request further examination and reconsideration in view of the instant response. Claims 10-35 remain pending in the case. Claims 1-9 have been cancelled herein. No new matter has been added as a result of the amendments.

Election/Restriction

In the Office Action mailed March 7, 2006, the Examiner has required restriction of one invention.

- I. Claims 1-9, drawn to a Global Positioning System (GPS) receiver system, classified in class 701, subclass 213.
- II. Claims 10-20, 21-28 and 29-35, drawn to a support for mounting an electronic assembly (shock mounted electronic system), classified in class 361, subclass 761.

For purposes of satisfying the restriction, the Applicants hereby elects, without traverse, invention II, "a support for mounting an electronics assembly (shock mounted system)," as indicated by the restriction. Applicants make no statement as to whether or not the species are patentably distinct. Claims 10-20, 21-28 and 29-35 are drawn to invention II. Claims 1-9 are drawn to invention I and have been cancelled herein.

CONCLUSION

In summary, Applicants assert that Claims 10-20, 21-28 and 29-35 are in condition for allowance and earnestly solicit such action from the Examiner.
